

Dear Community Friend,

On Saturday, February 26, 2022, the Leander High School Band will host its *Tenth Annual March-A-Thon*. Students will participate in a four-hour non-stop rehearsal, culminating with a free public performance at 2 pm. Funds raised will support program scholarships for band members in need, and help cover many of the operating costs for the year, which help keep program fees affordable for families. This year, we're also hoping to raise enough funds to have our trailer rig rewrapped as it is long overdue.

The Leander Band has a rich history of musical excellence that includes invitation-only performances at the Rose Bowl Parade in Pasadena, CA, and the Saint Patrick's Day Parade in Dublin, Ireland, and the Midwest International Clinic in 2021. In 2019, the Leander Band traveled to Indianapolis to compete in the 2019 Bands of America Grand Nationals Competition to compete with bands from all over the United States. We are proud to say that not only did they WIN the AAA Division and capture all of the ancillary awards, they also placed 5th in the NATION. This could not have been done without support from our community.

"Excel through innovation. Lead with integrity. Unify through inclusion."

It is through the spirit of putting this mission into action which fuels everything the band members are involved in, from academics, to performances, to ensuring that Leander High School has one of the best programs in the state and is available to anyone who is willing to live by that mission.

With cuts in music education and rising costs associated with the program, it is more important than ever that we continue to be successful in our fundraising so that the program is accessible to all who desire the educational and experiential learning opportunities which band can provide the most. As you can imagine travel is costly, as we must transport over 200 students plus faculty, chaperones, parents, instruments, and props. We need every student to join us!
